INTERNATIONAL EXPERIENCE

ENGAGING STUDENTS AND FACULTY IN AN INTERNATIONAL PROJECT

CAROL THOMAS
RICHARD TOVAR

SF | SANTA FE
COLLEGE

My medicine makes me feel bad. Why does my stomach hurt?

I saw my doctor today and I was told to always take my pills with food and water.

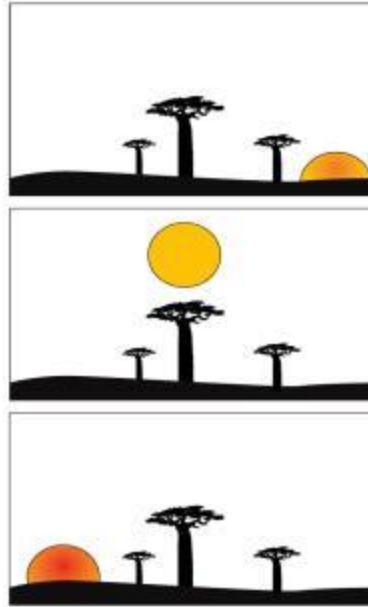

I missed my dose and it makes me sick when I take it. All I want is to feel better.

Hello my friend! Has your doctor explained to you how to take your medicine?

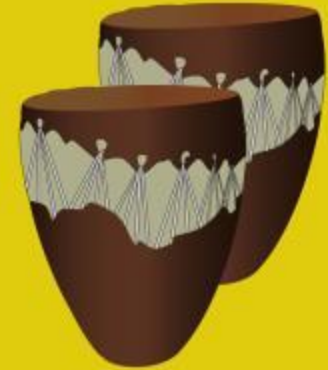

Don't forget, you must always take your medicine at the same time every day; with food and with water!
