PARTNERS *of the* AMERICAS

Partners of the Americas- September Conference

Partners of the Americas is a non-profit organization founded in 1964 focused on building partnerships and networks that change lives in the Western Hemisphere. This organization leads programs such as the 100,000 Strong in the Americas Innovation Fund.

Partners of the Americas will be hosting their Higher Education Partnership: Internationalization in the Americas Conference in Guanajuato, Mexico on September 6-8, 2017. This conference is focused on building international partnerships between institutions that serve to prepare tomorrow's workforce.

Partnership Opportunity in China

JNC International Summer School in China is looking for American colleges and universities to partner with and endorse their courses, faculty and transcript to be a part of their summer program. This program provides American university courses to students in China, offering affordable American university courses in China that are then transferable to universities in North America. This is an excellent opportunity for institutions to create a partnership with an institution in China and gives faculty the opportunity to obtain international experience at no cost.
